

Gain Efficiency with a Controls Upgrade

COE's ServoMaster Touch™ controls are designed to be quickly implemented into existing lines. Whether the original equipment is COE or produced by another manufacturer, COE's ServoMaster comes complete with everything necessary for a weekend upgrade.

The ServoMaster Touch controller can integrate with press controls to provide a complete and compact controls system with single point entry for all job specific parameters. Functions that can be motorized, encoded and controlled by the job recipe include:

- Feed Passline Height
- Feed Edge Guide Width
- Feed Roll Pressure Setting
- Straightener Roll Depth Settings
- Straightener Edge Guide Width
- Straightener Pinch Roll Pressure
- Coil Centering on Reel
- Coil Guide Width,
— and more

SERVOMasterTouch Capabilities

- Available in 6 different drive sizes
- For servo feeds up to 8" in diameter and 78" in width
- Single point entry for job parameters
- Interfaces with Wintress, Link Systems and more

SERVOMasterTouch™

FEATURES & BENEFITS

Standard Package

- User-friendly QVGA color touchscreen interface
- Customizable operator screens
- Free-standing operator station
- 10-foot pre-wired cable set
- Brushless AC servo motor
- Remote jog pendant
- Installation schematics

Roll Forming Tools

- Stretch Compensation Tool
- Sequence Mode
- Feed Complete

Advantages

- “Feed Advisor” feature to calculate job set-ups
- “On the Fly” feed length micro adjustment
- 500-job memory storage
- Inch or metric programming
- Serial communications capability
- Password protected parameters
- English or Spanish language
- Step-programmable option
- Batch controller with output
- Feed interrupt-continue feature

Compact Footprint

The controls console is compact and can be floor- or remote-mounted, taking up little space.

Fully Accessible

Top deck and facing doors are lockable and interlocked for safe, secure and complete access.

Complete Drive Package

Robust Yaskawa drives tuned and ready to run right out of the box. You'll be up and running in hours.

Motor and Cables

Complete Plug-n-Run package includes motor and a complete set of power and control cables.

Touchscreen

User-friendly 5.7" QVGA color touchscreen with customizable operator screens.

At COE Press Equipment, we believe that there is always a better way. Our goal is to make your operations run smoothly and profitably. We apply our engineering knowledge, materials expertise, and industry experience to consistently develop solutions that address your manufacturing challenges and simplify your plant floor operations.

COE'S EXCLUSIVE 5-4-3 WARRANTY

All COE products are backed by the COE 5-4-3 Warranty – five year limited coverage on components manufactured by COE; four year limited coverage on mechanical components installed by COE; and three year coverage on the complete system.
